

Experience and Qualifications

Skills

Select the skills from in which you have experience or knowledge from the **List of skills** (use ctrl+click to select multiple skills; then click the **Add** button to display them in your profile. If you have a skill not included in the List of skills, please click the **New skill** button and add it to the list. Please list both skills related to your current jobs *and* skilled gained through other life experiences elsewhere. Changing this selection will not update your Official Personnel Record. Please notify your manager of your new skills.
